LOUISVILLE'S "Kirmess" was a great success—financially, artistically and socially.

Several companies interested in the development of natural gas in Meade county, are preparing to construct another pipe line to Louisville.

The bill providing for the admission into the Union as States of north Dakota, Montana and Washington, has passed the lower House of Congress.

The top story of the Louisville Commercial Club building that is to be, is so far up in the cooler regions of the atmosphere that it would be a good place for summering.

Less than two weeks now remain before Benjamin Harrison will be President and the cabinet problem has not been solved yet. A new man is spoken of every day to take one of the portfolios.

W. K. MOHRMAN, marshal of Greenville, brought to that town and lodged in jail last Saturday, one Ben James, charged with grand larceny. James was captured in Johnson county, Indiana.

GUS SLAUGHTER now says that he was wholly in the wrong, and publishes a card exhorting Miss Winfree from even the breath of shame. Slaughter has proven himself an adept in the art of modern lying.

The Park Central Hotel, of Hartford, Conn., fell to the earth in a heap of ruins Monday morning, burying fifty inmates of the hotel. About twenty were killed and several wounded. The fall was caused by the terrific explosion of a boiler.

Mr. W. F. PROUTY has been appointed General Passenger Agent of the C. O. & S. W., with offices in Louisville. He is at present connected with the passenger department of the C. H. & D., and will take charge of his new work March the first.

PRESIDENT NORTON denies the report that the L. & N. will be sold to the Richmond Terminal Company. The L. & N. is able to hold its own with almost any corporation or railroad syndicate in the broad land. When anyone tackles the L. & N. they invariably find her ready for them.

HOLLAND N. MCVEEY, the senior Bishop of the M. E. Church, South, died at Nashville last Friday. For years he was prominent in the councils of his church, and was an earnest and faithful worker for its prosperity. He was a profound biblical scholar, and reverenced by all who knew him.

We have received a communication from Harton, Ohio, which states: "We want to establish communications under the name of write it is given, especially so when it is of a personal character. We do not necessarily want the name for publication, but as an evidence of good faith on the part of the writer."

Near Elizabeth, West Va., Joseph Blaine went home drunk and killed his wife because supper was not ready. Then he buried his two daughters with a poker, killed the hired girl and burned the house over the dead bodies. He is in jail heavily guarded to prevent being lynched for his most foul and atrocious crime.

C. W. J. BING, General Passager Agent of the C. O. & S. W., tendered his resignation, to take effect March 1st. He will be succeeded by Mr. W. A. Wilkins, formerly editor of the *South Kentuckyman*. Mr. Bing goes to Huntington, W. Va., to take charge of the railroad hotel at that point. Mr. Wilkins is a capable man for the position and will fit it well.

The Owensboro *Messenger* contains a column account of a shooting in that city. James Johnson, bartender at the New Hotel, was shot through the breast by Billy Cottrell, another bar-tender at the same place. The shooting and wounding was accidental, and the recently fatal Johnson is about twenty-five years of age, and went from McHenry two weeks ago.

Mrs. FRANK LEECH has refused another offer of marriage. This time the "Prince George" Eliot of Gothic, the titled dandy who sought the hand of Mrs. Anna G. Lee in New York, the Republicans are amazed at the prospect that Conkling's bitter enemy will rule the Administration, and they never would have voted for such a man as Mr. Leech if he had not been real she would weep still preferred the renowned man she bears to any other. Mrs. Leech is one of America's great women. She gives personal supervision to the great publishing house established by her late husband.

CHAIRMAN ALFORD, of the Democratic State Central Committee, announces that he will call the committee together soon to select the time and place to nominate a candidate for State Treasurer. There is no need for haste in this matter, and there is no necessity for calling the convention before the middle of April. This will give ample time for the various influences that saves. Treasurer Sharpe will likely receive the nomination, but the others should have all the chance at the nomination they want.

MR. J. R. LEMMONS, of Marshall county, passed over the C. O. & S. W. Sunday, on his way to Frankfort. He is a member of the State Board of Supervisors which meets in Frankfort the 23rd inst. He says that the Board can complete its work in from forty to sixty days. Referring to State Treasurer Sharpe, he said that Sharpe was a good man, but the fact that he succeeded Tate was no reason why he should not succeed himself. Mr. Lemmons is a sincere Democrat, and a man of liberal views and extensive information.

MR. J. COLEMAN, Commissioner of Agriculture, has been appointed Secretary of Agriculture, since that cabinet office was created. If Mr. Harrison selects the right kind of man for that position, the world will be greatly benefited to the farming interests. Already Congress has introduced a bill providing for the holding of Farm Institutes under the management and control of the Secretary of Agriculture, and in the event of its passage, appropriates \$50,000 per annum to pay expenses of same. This is an agricultural country, and it would be devoutly wished that the Department of Agriculture may prove beneficial to that industry.

THE LOUISVILLE, Hardinburg and Western railroad proposition has been abandoned and no vote will be taken February 27. Considerable opposition was manifested to securing a franchise upon subscription to the farming interests. KENTUCKY NEWS.

There are 16,000 persons employed on railroads in this state.

The report of the State Rail-road Commissioners shows that 45 miles of rail-way were built in the State last year.

The case of Commonwealth vs. A. M. Fullam, for the murder of James Miller, was called for trial at Brandenburg on the 15th inst. The trial will be about 50 witnesses on each side.

A. L. Shewell, who has been Re-lever of the Hopkinsville Insane Asylum for the past ten years, has resigned and W. R. Rodman appointed to fill the vacancy. The change will occur March 1st.

Mr. Holiday, chief engineer of the Louisville, Hardinburg and Western railroad, is in New York on his vacation. He gives it as his opinion that the road will be completed in the last month of April. This will give ample time for the nomination of candidates.

The "Kirmess" is a performance which held the boards at Louisville all last week with crowded houses. It will probably be called a play. It is a combination of comedy and tragedy with operatic scenes, singing, dancing, costuming, intermingled with striking tableaux. It was rendered entirely with home talent.

Mr. J. E. Beppert and W. T. Moore, yesterday for three hours, were engaged in a game of cards, the result being that the man who won the game, lost his money and was forced to sell his property belonging to Willie Smith at the fair last fall. The man who stoled the goods is supposed to be the fellow who was responsible for the "mystery show" at the fair. He will be brought here for trial.

The State Board of Equalization, which makes the law for Kentucky, did not meet the year before last. In order that the Auditor may receive further returns from Assessors and statements of transfers of property, he has issued a circular to all Assessors of Allentown, asking that he be sent a copy of the law.
